

## NCCA Creative Caregiving Guide

### Lesson: Leaf And Tissue Collage

### How To Make A Leaf And Tissue Collage

1. Use spray bottle to wet entire paper.
2. Use watercolors to paint the background.
3. Arrange leaves on watercolor paper.
4. Lightly spray the leaves with spray bottle.
5. Place white tissue paper sheet on top of the leaves.
6. Use fingers to pat down tissue paper.
7. Use watercolors to paint on top of the tissue paper.
8. Lightly dab Mod-Podge on top of white tissue paper so that the entire surface is covered.
9. Add glitter.
10. Sign and give the piece a title.
11. Share your work with others.
